

The Department of Civil Engineering, Karunya University organized a One Day Training Workshop on “ISRO Satellite Remote Sensing Based Environmental Applications” on 01.03.2017. Mr. C.J. Jegadheesha in his lecture mentioned that the developing country like India is deficient in launching communication Satellites by 50% only. He explained about different various websites like BHUVAN, WRIS, NEDM, MOSDAC available to download satellite images from ISRO website.
